**A Seven-Day National Level Workshop on
Econometric Tools for Business Research**

25th June 2019 to 1st July 2019

About Pondicherry University

A Central University, established through an Act of Parliament in 1985. The campus is covered over 780 acres of land with lush green tropical vegetation and its entire campus in Wi-Fi enabled. It has about 5000 students representing 33 states of the country and abroad and over 450 highly qualified faculty from across the country. It has the state of the art library with remote access to over 31000 digital information resource through a dedicated library portal. Pondicherry University was the first university to adopt the CBCS and semester system which easily facilitates the mobility of the students with credit transfer both in India and abroad. The university is growing with a cardinal principle of expansion with excellence and equity remains connected globally. More than 27 MOUs have been signed with National Institutions and International Universities for exchange of faculty and students.

About The Programme

This seven-day national level workshop is aimed at providing researchers, academicians and industry delegates with a comprehensive learning of analytics. The workshop modules are designed in such a way which would enable the participants to gather practical training using live data. The course is designed to provide hands on experience in analytical tools and techniques that can be used for data driven decision -making using real case studies. The program will be a mix of theory lecture (10 %), introduction of case studies (10 %) and hands on training experience (60 %) on relevant software and result discussions (20 %) for decision making.
