Sub: Notification of new programs by SERB. Reg.

Science and Engineering Research Board (SERB), Department of Science and Technology, Government of India has come out with two new programs under the inter-ministerial effort “Accelerate Vigyan”. The program has following two components:

- 1. SamooHAN (Bringing together):** Mission ‘SAMOOHAN’ marks the beginning of Accelerate Vigyan. It aims to encourage, aggregate and consolidate all scientific interactions in the country under one common roof. This mission, through its wide knowledge base, caters to a varied audience - R&D Departments, Institutes in Science & Technology as well as Stakeholders - mentors, coordinators, participants and students.
- 2. Abhyas (Skill development):** Mission ‘ABHYAAS’ is an attempt to boost Research & Development in the country by enabling and grooming potential PG / PhD level students by developing dedicated research skills in selected areas / disciplines / fields through high-end workshops and research internships. This is especially important for those researchers who have limited opportunities to access such learning capacities / facilities / infrastructure.

Interested may visit the SERB website on the link:

<https://www.acceleratevigyan.gov.in/>

Detailed brochure can be downloaded on the link:

https://serbonline.in/SERB/AbstractFilePath?FileType=E&FileName=AV_Brochure.pdf&PathKey=DOCUMENT_TEMPLATE

Interested PIs may please take advantage of the programs.
