Pondicherry University was established under an Act of Parliament in the year 1985 as a centre for learning and excellence, is a cut above other universities in terms of essence in management education. The University is located just 12 Kms away from Pondicherry City, on the scenic East Coast Road. The campus is spread over 800 Acres and bestowed with natural landscaping and serene environment, and tremendous ambience that provides an ideal setting for education and research activities. Presently, University has 15 Schools, 37 Departments and 10 centers offering 175 PG and integrated Programmes. A wifi enabled campus has more than 6000 students and 1000 Ph.D. Scholars from different parts of the country and outside the country.

The University has been accredited by NAAC with A Grade and it holds 59th position out of 2995 Institutions in MHRD NIRF. It has a state of the art Library with remote access to over 31,000 digital information resources through a dedicated library portal.
The department of BANKING TECHNOLOGY is an exclusive inter-disciplinary program whose desire is to chisel out the best in class managers for the BFSI and the IT industry. The diversity and excellence of the department is demonstrated through different academic backgrounds, industry exposure and other interests. Banking Technology has students from some of the prominent Under-Graduate colleges in India mostly in the field of Engineering and Computer Science. Many of our students have industry exposure with leading companies in India.

The programme has been designed in response to the intense use of technology application and business diversification taking place in the financial system. The Banking Business lies largely in Technology and Tech-Savvy Managers who play a larger role in the organizational planning and development. To suffice the emerging needs of BFSI and IT industry to develop domain specific IT products / solutions, students are trained to face the challenges. The department has its foundation built by very capable faculty drawn from the domains of Banking, Finance and Information Technology background that provides a perfect blend of academic and industry exposure. The course is constantly updated based on the industry demands.

VISION
To be a Global Centre of Excellence in all aspects of Technology Management in Banking and Finance Industry

MISSION
To Create man power with know-how and know-why skills required for managing technology used in BFSI
I am happy to note that the Department of Banking Technology of Pondicherry University is bringing out the Placement Brochure for the year 2018-19.

The Department has a track record of providing Quality Innovative programs in Banking Technology, to fulfill the aspirations of the students and to blend the work experiences of executives with updated curriculum. They are now ready in all respects to enter into the corporate and contribute their efforts in the growth of the organization they are about to join. I hope this Placement Brochure captures the initiative, ambition and success achieved by the MBA Banking Technology Students of Pondicherry University. I also hope that it entices the recruiters to engage our students in their pursuit to achieve success to their utmost satisfaction in their respective areas. I also take this opportunity to invite the Bank Executives to the University to interact with the students of Banking Technology and offer placements to the deserving candidates.

I wish the current batch of students a very best in their endeavors about which I am confident that they shall make significant contribution during the course of their work.

Pondicherry University enjoys pioneering status in offering market driven innovative academic programs. MBA in Banking Technology is one such program conceived as a fine blend of Management and Technology to cater to the needs of Banking and Financial Service Sectors. As a sector specific program, MBA (Banking Technology) has evoked an excellent response from industry as well as students. Needless to say that Pondicherry University, being a Central University is endowed with world-class facilities both Human and Physical. I, therefore take this opportunity to invite you to the Department of Banking Technology to meet our students and take them on board.

Message from the DEAN
School of Management

Dr. G. ANJANEYA SWAMY
Pondicherry University
Dear Recruiter,

Greetings from Department of Banking Technology!
It is a great pleasure for me to welcome you to placement activities of our Institute. Through the pages of this brochure you will get a broad overview of our programmes, activities and the placement process.
We have designed the Post Graduate Programme very carefully to develop our students into Global Technology leaders who can create and manage best Technology required for their organizations.
Once they successfully complete the first year, they undergo two-month internship to various Banks learn more practical banking operations. After completing their internships, these students are allowed to choose a variety of electives in their second year. Many students choose electives to pursue their industry-specific and/or disciplinary interests. Besides academics, students also learn from their vibrant community life on campus. They manage and take part in a number of co-curricular and extra-curricular activities which provides them opportunities to grow beyond classrooms.

Over the last few years we have taken several initiatives to enhance the global flavor of our flagship program. In order to enrich the programme, presently Department of Banking Technology has academic association with Institute for Development and Research Banking Technology, Hyderabad and Madras Management Association, Chennai.
We have also introduced an appropriate amount of global component in the curricula and started offering more electives in the areas of Banking, Finance and Technology with National and International business perspectives to make students aware of the global Technology Management in Banking business environment.
Pondicherry University received higher accreditation from NAAC recently. Through accreditation, Department of Banking Technology has not only met specific standards of excellence, but has also made a commitment to ongoing improvement to ensure that the institution will continue to deliver high quality higher education to its students.
I am confident that with the inputs gained from the courses taken as a part of this programme the students would be able to play leadership roles and contribute significantly to the growth and development of their organizations.
I welcome you to read this booklet to know more about MBA Banking Technology Programmes.
I would also like to take this opportunity to thank you for the invaluable support you have extended to us over the years. We look forward to nurture and grow old relationships and welcome new recruiters for a long-lasting and mutually beneficial relationship.

Looking forward to meeting you at our Campus!

Participation is more important than winning. Our department lives by this, the students participate in various events, workshop conducted both in house and by different universities. The workshops span across different domains such as management, technology, entrepreneurship and social responsibility. The department regularly workshop on various happening topics including:

Big Data Analytics, Artificial Intelligence, Smart Systems on the technology side. The students have hands on experience in Technical Analysis, Real-time Trading through MOS terminal and Sharekhan terminal. The students are also well versed in the usage of CMIE database and Bloomberg Terminal. All these makes our students a true tech savvy managers.
Software Engineering & Technology
- Agile Software Process
- Design patterns
- Software Testing and Quality Assurance
- Enterprise Architecture
- Service Oriented Architecture
- Smart Banking Technology

Big Data Analytics & Storage
- Data science and Big Data Analytics
- Cloud Infrastructure and Services
- Backup Recovery systems & Architecture
- Information Systems Control and Audit
- Data Analytics & Social Networking
- Data Visualization & Business Intelligence Reporting

Information Security
- Network Security Management
- Secure Electronic Payment System
- Information Security & Risk Management
- Digital Crimes and Forensics Science
- IT Security Metrics
- Information Security – lab/Internship

Financial Services
- Financial Services Intermediaries & Regulators
- Merchant Banking & Financial Services
- Management of mutual funds
- Electronic Financial Services
- Marketing of financial Services
- Security Market Operation Lab

Capital Market
- Fixed income Securities & Treasury Management
- Security Analysis & Portfolio Mgmt
- Financial derivatives & Risk Mgmt
- Asset Pricing and Equity Research
- Financial Econometrics and Modelling

International Finance
- Global Financial Markets & Instruments
- International Financial Management
- Forex and Currency Derivatives
- Foreign Trade and Documentation
- Bloomberg – International Finance Lab
- CMIE Corporate Finance Lab

Banking Operations
- Bank Fund Management
- Credit Risk Management in banks
- Banking supervision and Control
- E-Banking issues and IT laws
- ALM and CAR practices – Internship lab
- Emerging Trends in Banking

Money & Development Banking
- Monetary policy and Central Banking
- Public Finance and Development Economics
- Development Banking
- Rural Banking and Micro Finance
- Corporate Governance and Ethics in Banks
- Entrepreneurship & New Ventures Internship
We, the students at MBA-BT see ourselves as the building blocks of a great institute and the members of the torch bearing batch. This realization has added to the overall vitality of the batch and developed a sense of responsibility to whatever we do.

**MANAGEMENT MEETS**

The students enthusiastically participate in management meets organized by various management schools and universities from all over the country and challenge their counterparts at various management events, games and contests.

**BANCQUEST**

Bancquest is an industry-interface intercollegiate meet. It is an annual event organized by the students of Banking Technology since its inception with an objective to bring the industry and student community much closer for an interaction & exchange of knowledge.

It is an extravagant event managed by the students to showcase their managerial skills to their counterparts as well as to the corporate who take part as special invitees and juries and over 500 students from about 40-50 management and engineering institutions.

**WORKSHOPS AND SEMINARS**

Workshops, Seminars, Guest Lectures, and Corporate Talks are organized regularly in an attempt to build long lasting and fruitful relations with corporate.

**MMA - MADRAS MANAGEMENT ASSOCIATION**

The Pondicherry University has MMA chapter exclusively for the School of Management Studies.

The MMA organizes various activities in the university campus, Pondicherry Town and Chennai. We enthusiastically participate in all the events. Some of the activities undertaken are:

- Guest lectures by prominent Industrialists
- Events for women empowerment held at Chennai
- Training sessions and character building sessions at Pondicherry
- Regular lecture sessions at Pondicherry
INTERNSHIP PROGRAMMES

As a part of curriculum the students are encouraged to take up internships at various organizations and institutions during their winter and summer breaks. These internships are focused on different streams like finance, systems, banking and manufacturing industries.

WINTER INTERNSHIP

Students underwent internships at various manufacturing plants of companies like NLC, BHEL, PONLAIT, EATON, Nippon, Ashok Leyland, Lenovo, JSW Cements, HPCL, IOCL, INOX air products and many more in and around Pondicherry.

SUMMER INTERNSHIP

The University has signed MOU’s with State Bank of India, Indian Bank and Indian Overseas Bank. Under this, the students undergo a 45 day internship at the bank’s branches and get an insight into practical banking scenarios.

Various topics are covered during this internship by the students. Some of them are: Branch opening, Account opening, Deposit accounts, Loans and Advances, Delivery channels, Agency services, Branch maintenance.
INDUSTRIAL VISITS

The department organizes industrial visits every year to various parts of the country to gain real-time know-hows of the industry.

The industrial visit for the first year for 15 days are organized to various industries and manufacturing plants in and around Pondicherry. We have also organized an Industrial Visit to Neyveli Lignite Corporation (NLC) to understand and learn the practical organization behaviour and Ethics of an Organization.

In the second year industrial visits are organized to other regions of the country to institutions like RBI, SEBI, IDRBT, STOCK EXCHANGES (NSE, BSE) and also to various IT companies.

HANDS ON EXPERIENCE

The students have hands on experience in Technical Analysis using Analytics software like MS SQL Server BI Studio, R, Python, SPSS and Real-time Trading through MOS terminal and ShareKhan terminal. The students are also well versed in the usage of CMIE database and Bloomberg Terminal.

BENEFITS FOR STUDENTS & INDUSTRY

- Intensive, in-depth exposure to the varied facets of Banking Technology

- In-depth understanding of various ways of applying technology for improved productivity in the banking arena and financial sector

- Technical and managerial mastery over the entire gamut of Banking Technology covering Secured Electronics Payment System, Agile Software process, Information Security and Risk Management, Digital Crime in forensic science, Data science and big data analytics, Cloud Infrastructure Service, Data Analytics and Social Networking, Data Mining, Business Intelligence, IT Laws and Cyber Crimes, etc.

It is very heartening to see that the present students are carrying forward the legacy of being the best and the same quality inputs being imparted to every student of this school of thought. The credit should go to the Head and all the quality faculties who make the journey an excellent one which cannot be forgotten.

KARAM CHAND  
APPLIED DATA FINANCE

I am very happy to share a few words with you all. I am enjoying every bit of my life. I have grown professionally through the practice of Banking Technology program. The concepts and exposure which I got from the course helps me to manage the process and bring out them efficiently. This course had helped me a lot to come up in my career in a fast phase.

Alum Speak

SENTHIL SABAPATHY  
BANK OF AMERICA

If I look back at the 2 years spent at Pondicherry University, it has been full of learning experience. Every single day made incremental additions to my wisdom, knowledge and skills. The program teaches you importance of patience and persistence, the spirit to fight with all the odds and against yourself. It gives the ability to critically analyze things, put them in proper perspective, to give a structure to things, and more importantly the joy discovery and of contruting to the wisdom.

VARUN  
CAPITAL ONE, CANADA

The Department of Banking Technology has been the best thing that happened in my pursuit of educational excellence. The course itself is an excellent enabler to the students and opens up a world of options and opportunities. The undergraduates in MBA Banking Technology can position themselves in various verticals and domains with a myriad of potential roles to be taken up.
