Pondy Univ gets x-ray spectrometer worth ₹3 cr

Puducherry: The Pondicherry Central University installed a ₹2.87-crore X-ray photoelectron spectrometer (XPS). The facility, funded by the Department of Science and Technology of the Central government, was inaugurated by the Vice-Chancellor of the varsity, Gurmeet Singh. The X-ray photoelectron spectrometer is a versatile instrument to analyze the surface chemistry of a material with nanometer accuracy. ENS
