AMONG TOP 2%

PU scientists in Stanford rankings

EXPRESS NEWS SERVICE
@ Puducherry

IN this year's Stanford University Rankings list of top 2% scientists, 11 scientists from Pondicherry University (PU) have featured in the list of career-wise achievements while 17 scientists from PU have made it to the list of performance over the last year.

Both lists include professors SA Abbasi (environment, energy and process security), Ramasamy Murugan (physics), K Porsezhian (physics), Vadivel Murugan (nanotechnology), A Subramanian (materials), RN Bhowmik (physics), Tasneem Abbasi (environment), and S Kannan (biomaterials). The Stanford University rankings began in 2019.
