National Seminar on Portrayal of Fisherman Society and Culture in the Literature and Cinema organized by Department of Hindi

The fishing community is a society with low income socio-economic conditions, poverty of fishing communities originating from weak human potential and lack of environmental support in utilizing the natural potential and available resources. With the specific cultural characteristics of fishing communities, it does not always support increasing the potential of its citizens, sometimes even hampering the progress of the community itself. Fishermen communities pay less attention to their settlement environment, fishermen's neighborhood conditions look bad, it requires structuring fishermen's neighborhoods, especially the existence of open spaces.

साहित्य और सिनेमा में मछुआरा समाज और संस्कृति का चित्रण
Portrayal of Fisherman Society and Culture in the Literature and Cinema

मछुआरा समाज का यज्ञ प्राचीन काल से ही भारतीय समाज में विद्यमान रहा है। यह समाज काफी शांति-पिय भी रहा है। भारतीय सामाजिक संरचना में सभी वर्गों का अपना महत्व और योगदान है। मछुआरा समुदाय भी भारतीय सामाजिक संरचना का अभिन्न अंग है। आधुनिकता और विकास के क्रम में कई समुदायों के समक्ष रोजी-रोटी के साधन छिन जाने का भय, रोजगार पर बड़ी पूंजीवादी ताकतों का हमला, प्राकृतिक और कृत्रिम विपर्यस्त के कारण विस्थापित होने का डर तथा बुढ़ापे में स्वास्थ्य सामाजिक असुरक्षा आदि की समस्याएं भी उपस्थित हो रही हैं। मछली व्यवसाय के क्षेत्र में श्रमिकों का हाल बेहाल है, यहाँ केवल रोजी-रोटी की नहीं बल्कि अस्मिता और सांस्कृतिक अस्तित्व का भी संकट है। मछुआरों का भी संघर्ष-पूर्ण और व्यापक इतिहास रहा है, जिसके प्रमाण केवल इतिहास में नहीं पौराणिक कथाओं में भी मिलता है।

भारत के परिप्रेक्ष्य में मछुआरा समुदाय को कई नामों से जाना जाता है, जैसे मांझी, कैवट, निषाद, मल्लाह, धीवर आदि। ये लोग विशेषकर अपने पारंपरिक पेशे से जुड़े हुए हैं। मछली पकड़ना, मछली पालन करना और उसे बेचना ही इनका प्रमुख कार्य रहा है। इस तरह हम देख सकते हैं, हमारे यहाँ समुद्री और अंतर्देशीय नदी, तालाब एवं झरना अर्थात् मोटा-मोटी तौर पर कहे तो खारे एवं मीठे पानी के यहाँ मुख्य रूप से मछली पकड़ने के ही प्रमुख स्रोत हैं, जिन पर मछुआरा समाज मछली पकड़ने के लिए सदा निर्भर है। समुद्र किनारे पर जो मछुआरे पाए जाते हैं, उनका मछली पकड़ना व्यापक व्यवसाय बन चुका है। लेकिन आज भूमंडलीकरण के दौर में उनका पारंपरिक पेशा छिनता चला जा रहा है, क्योंकि आज गड, पोखरी, नदी से लेकर समुद्री तटों तक पूंजीपतियों का कब्जा होने लगा है। इसी दृष्टि से हाशिए समाज में रहने वाले मछुआरों से संबंधित उपन्यास लेखन का कार्य एक सवालनवादी नज़रिये से वंचित वर्ग के ही अधिकांश उपन्यासकारों ने किया है। मछुआरों की संवेदनापूर्ण समस्याओं पर विचार-विमर्श की बड़ी प्रासंगिकता है।

मछुआरा तथा नदी-समुद्र केंद्रित प्रमुख विश्व स्तर की रचनाओं में अर्नेस्ट हेमिंग्वे का अंग्रेजी में लिखित उपन्यास 'ओन ओल्ड मैन एंड द सी', जार्ज एलियट के 'द मिल ऑन द फ्लोर्स' मिखाईल सालोफेव का रूसी भाषा में लिखित उपन्यास 'एंड क्वाइट क्लोज द डॉन' तथा हिंदी भाषा में लिखित कथाकार संजीव का उपन्यास 'रह गई दिशाएं इस पार', नागार्जुन के 'चरुण के बेटे', देवेंद्र सत्यार्थी के द्वारा लिखित 'ब्रह्मपुत्र', उदय शंकर भट्ट का 'सागर लहरें और मनुष्य', ओडिया भाषा में लिखित प्रतिभा राय का उपन्यास 'मग्न माटी' भीम पृष्ठी के 'मुहाण', हृषी केश पंडा का उपन्यास 'गर्व करिबा कथा' एवं बट कृष्ण त्रिपाठी का उपन्यास 'काईचर स्वप्न', बांग्ला भाषा में लिखित मार्गिक बंदोपाध्याय का उपन्यास 'पद्मा नदीर मांझी', विभूति भूषण बंदोपाध्याय के 'इच्छामती', सरोज कुमार चौधरी के 'मयूराक्षी', गुणमय मन्ना के 'प्रवाहिनी गंगा', और सैय्यद यली के 'कांदो नदी कांदो', समरेश बसु का उपन्यास 'गंगा' अद्वैत मल्लबर्मन का 'तितस एक नदी का नाम', मलयालम भाषा में लिखित शिव शंकर पिल्लै का उपन्यास 'चेम्पूनी', नरेंद्रनाथ मित्र की कहानी 'यात्रापथ' आदि कृतियाँ उल्लेखनीय हैं। इसी भांति अन्य भाषाओं में भी मछुआरों पर केन्द्रित और कई रचनाएं हैं।

Two Days Workshop on Entrepreneurial Opportunities for Disabled organized by Centre for Study of Social Exclusion and Inclusive Policy & Department of Management Studies on 28th September, 2024

As per the report by the United States Census Bureau, roughly 15% of people with disabilities have started their businesses, and that number is increasing.

Many people with disabilities have launched successful businesses from home, franchises, and even niche startups. With such a wide range of business opportunities open to people with disabilities, it can sometimes be tough to decide which one is best.

World Food Day – 2024 Celebration – Invited Talk on “Nutrition for Health” organized by Department of Biochemistry, PUCC on 21st October, 2024

FAO Special Goodwill Ambassador for Nutrition, said that in an example of positive change, the African Union’s Pan African Parliament, “has collaborated with FAO to develop a model law on food security and nutrition. This model law serves as a guiding framework, inspiring African Union member states to formulate their own legislation that upholds the right to adequate food as well as food security for all citizens. To facilitate the transition from this model law to concrete legislative action, parliamentary alliances have been established across

Two day International Workshop on “Scientific and Traditional Yoga for Personality Development of Youth” organized by Department of Physical Education and Sports on 18 & 19 January 2024

Personality is a very common term which is used in our day-to-day life. It tells us what type of person one is. We know that each person generally behaves consistently in most of the situations. The examples of this consistency can be seen in a person who remains friendly or a person who is generally kind or helpful in most situations. Such a consistent pattern of behaviour is termed as personality. It can be called as the sum total of behaviour that includes attitudes, emotions, thoughts, habits and traits. This pattern of behaviour is characteristic to an individual.

Three-day National Workshop on “Psychological Awareness among Youth” organized by Department of Biochemistry, PUCC from 28th February, 2024 to 1st March 2024

Spreading awareness on the state of mental health in youth is necessary to surface deep and honest conversations on the many ways adolescents are subjected to high levels of stress and trauma. It allows communities across all demographic groups to recognize the warning signs and prevent the dismissal of severe struggles as just another assumed kid or teenage habit.

Three-day National Workshop on ‘Mindfulness Practices for Youth’ organized by Department of Mathematics, PUCC from 11 – 13 March, 2024

Most youth experience states of mindfulness sometimes through a physical activity or being in nature. With continued practice, mindfulness can become a trait or disposition and an approach to life. MBIs such as the well-known Mindfulness-Based Stress Reduction (MBSR) are recognized as evidenced- based practices for stress reduction and other challenges such as anxiety. Many programs for youth have been adapted from MBSR.

3 days Training Programme on Youth Wellbeing in Higher Education organized by Department of Management, PUCC from 19th – 21st March, 2024

The crisis of mental health among youth the world over came to the fore during the pandemic because of wide scale social isolation and a significant decline in well-being among the youth (Ford & Freund 2022). However, even after the pandemic has waned since 2022, the mental health challenges of youth have not receded (Hamilton 2023). Of course, the pandemic has only added to the existing stressors that young people face tremendous pressures to succeed, digital technology and social media, climate change, racial-caste-gender-religious inequalities, poverty, and violence (ibid.)

Awareness Program on Kidney Health for all “Advancing Equitable Access to Care and Optimal Medication Practice” organized by Department of Renal Dialysis Technology (PUCC) on 12th April, 2024

There is lack of awareness regarding kidney health among population as well as health care providers. There is poor utilization of eGFR (estimated glomerular filtration rate) and urinalysis (albuminuria or microscopic hematuria) testing by primary healthcare providers and physicians, even in high-risk individuals leading to missed diagnosis. There is lack of knowledge for kidney disease risk factors (comorbidities, environmental, low birth weight, pre-eclampsia, etc.). Furthermore, receiving incorrect advice from the quacks causes delayed primary contact with qualified healthcare provider

Systematic Voters' Education and Electoral Participation – Flash Mob on Voters' Awareness organized by Department of Physical Education and Yoga (PUCC) on 14th April, 2024

is the flagship program of the Election Commission of India for voter education, spreading voter awareness and promoting voter literacy in India. It is a multi-intervention programme that reaches out through different modes and media to educate citizens, electors, and voters about the electoral process in order to increase their awareness and promote their informed participation. SVEEP is designed according to the socio-economic, cultural, and demographic profile of the state as well as history of electoral participation in previous rounds of elections. The Commission produces several voter awareness materials and disseminates the same through various mediums/platforms of communication i.e Print Media, Electronic Media, Social Media etc.

https://www.pondiuni.edu.in/university_news/systematic-voters-education-and-electoral-participation-flash-mob-on-voters-awareness-pucc-lawspet/

The poster is for a 'Flash Mob on Voters' Awareness' event. It features a yellow and orange background. At the top, there are four logos: '3 GOOD HEALTH AND WELL-BEING', the Indian national flag, the Puducherry state emblem, and a logo for 'தேசிய வாக்குரிமை' (National Voter Awareness). Below the logos, the text reads: 'DEPARTMENT OF PHYSICAL EDUCATION & YOGA', 'PONDICHERRY UNIVERSITY COMMUNITY COLLEGE', 'LAWSPET, PUDUCHERRY'. It then says 'IN ASSOCIATION WITH' followed by 'OFFICE OF THE DISTRICT ELECTION OFFICER, PUDUCHERRY' and 'SYSTEMATIC VOTERS' EDUCATION AND ELECTORAL PARTICIPATION'. The main title 'FLASH MOB ON VOTERS' AWARENESS' is in large, bold, red letters. Below it, the date and time 'ON 14TH APRIL, 2024 AT 6 PM' and location '@ROCK BEACH, PUDUCHERRY' are listed. A section for 'GUESTS' follows, listing 'PROF. LALITHA RAMAKRISHNAN, PRINCIPAL, PUCC', 'MR. YASHWANT MEENA. IAS, ASSISTANT COLLECTOR, PUDUCHERRY', and 'DR. S. JAGADEESWARI, ACTIVITY COORDINATOR'. At the bottom, it says 'ALL ARE WELCOME' and features a silhouette of a group of people dancing.

Celebration of 10th International Day of Yoga – Yoga for Self and Society organized by Directorate of Sports & Department of Physical Education and Sports on 21st June, 2024

Yogic thought discusses two parts of an individual: the smaller, conditioned self and the higher, true self. The smaller self is limited and conditioned, caught up in the mind's fluctuations and sensory desires. The higher Self is pure and unconditioned consciousness, the source of true identity. This concept of self is represented through layers called koshas, each reflecting different aspects of human existence, from the physical body to the deepest layers of consciousness.

The human being is made up of five sheaths or “koshas,” which are layers of existence that move from the outer body to the inner self.

Workshop on Genetic Counseling organized by Department of Biochemistry, PUCC in collaboration with Satya Special School on 12th July, 2024

Genetic counseling refers to guidance relating to genetic disorders that a specialized healthcare professional (genetic counselor) provides to an individual or family. A genetic counselor might provide information about how a genetic condition could affect an individual or family and/or interpret genetic tests designed to help estimate the risk of a disease. The genetic counselor conveys information to address the concerns of the individual or family, helps them make an informed decision about their medical situation and provides psychological counseling to help them adapt to their condition or risk.

International Suicide Prevention Day 2024 “Changing the Narrative on Suicide” organized by Department of Social Work on 5th September 2024

Understanding the factors contributing to suicide attempts is crucial for developing effective suicide prevention plans. In a study, survivors of suicide attempts were interviewed to understand the reasons for suicide and several common factors were identified. Let's look at some key factors responsible for youth suicide attempts.

Awareness Programme on Alcohol and Drug Abuse Prevention for Industrial Labourers in Puducherry organized by Department of Social Work and Directorate of Social Welfare, Govt. of Puducherry on 19th September 2024

Alcohol and drug abuse by young people is extremely dangerous to themselves, family and friends, and society as a whole. Drug and alcohol use among our youth is directly related to traffic fatalities, violence, suicide, academic failure, unsafe sex and other high risk behaviors. Early use may also lead to a lifetime of dependency.

Awareness Program on “Cardiac Care” organized by Department of Cardiac Lab Technology, PUCC on 27th September, 2024

The awareness on CR program in CHD patients in Nepal is not optimal, especially among 54 and above age group, illiterate people, those receiving treatment equal & more than 1 year duration and the CHD patients who didn't get chance to participate on awareness programs. Hence, it is strongly recommended that health professionals including nurses should organize and promote CR programs including counseling session to improve the awareness level and ultimately enhance quality of life of CHD patients.

World Mental Health Day – Guest Talk on “Addiction the Impending Tsunami” – organized by Department of Management, PUCC on 22nd October, 2024

We'll cleanse an area on your arm and insert a new sterile needle for the blood draw. (This feels like a quick pinch and is over in seconds.)

A whole blood donation takes about 8-10 minutes, during which you'll be seated comfortably or lying down while approximately a pint of whole blood is collected.

For a Power Red donation, a device will use a single-use kit to collect two units of packed red blood cells and return your plasma along with saline through the same sterile needle in approximately 45 minutes.

Observance of Partition Horrors Remembrance Day organized on 14th August, 2024

Partition Horrors Remembrance Day (Hindi: Vibhajan Vibhishika Smriti Diwas) is an annual national memorial day observed on 14 August in India, commemorating the victims and sufferings of people during the 1947 partition of India.[2] It was first observed in 2021, after announcement by Prime Minister Narendra Modi.[3]

The day remembers the sufferings of many Indians during the partition. Numerous families were displaced and many lost their lives in the partition.[4] It aims to remind Indians the need to remove social divisions, disharmony and to further strengthen the spirit of oneness, social harmony and human empowerment.

Awareness Talk on Digital Safety organized by Department of Management, PUCC on 27th September 2024

As more and more personal information is shared online, it's important to be aware of the risks and take precautions to stay safe. Hackers can gain access to personal accounts and steal sensitive data, so it's important to use strong passwords and be careful about what information you share online.

• The universal and eternal objectives of all the countries of the world are the same. That is why, even though all the countries of the world come together externally to think and make plans for establishing objectives such as humanity, peace, non-violence, compassion, world welfare, mutual cooperation and behavior, but the basis for the fulfilment of these the eternal and universal objectives are man and humanity.

• The world -famous Indian knowledge tradition has developed from its very beginning by focusing on the creation of superior human beings whose motto is " gñeṣiḥ gñeṣiḥ" make all human beings of the whole world superior. In this system of knowledge, which starts from the Vedas, not only minute details of human development have been contemplated upon but its practical aspect has also been revealed.

• Its speciality is that it did not come into thought and practice by focusing on a particular place or time, but it has moved forward by focusing on the entire universe. That is why the Shantipatha that takes place at the end of every ritual prays for the establishment of peace in the entire animate and inanimate world.

• This is the reason why India preaches to the world " सौमित्रैर्हितैः " & " सौमित्रैर्हितैः ". These thoughts are rooted in Sanskrit literature; hence, this research seminar is being organized in the special context of Sanskrit literature on the universal principles of human development.

• The aim of the research seminar is - To bring to light the studies done in the light of Sanskrit literature on the principles and practices of all the disciplines of the world for human development.

One-Week International online Training on Feminist Research Methodology organized by Centre for Women's Studies in academic collaboration with Asha Paras Foundation for Peace and Harmony from 12th – 18th February, 2024

There are various feminist research methods that exist today which are used for data gathering and analysis. Feminist researchers can undertake research using two fundamental approaches; firstly, by using the traditional research process referred to as "quantitative" methodology or by using the "qualitative" ethnographic method. Quantitative methods includes, "in depth research into the motivation, attitudes and behaviour of respondents or into a given situation" Joppe. Qualitative methods refers to "research procedures which produce descriptive data:

State level two days Training Programme on “Gender Budgeting” organized by Department of Women and Child Development, Govt. of Puducherry and Centre for Women’s Studies on 26th & 27th February, 2024

Closing gender gaps is key to sustain stronger long-term economic growth. Increased participation of women in the workforce, for example, is particularly helpful in the context of the shrinking labour forces that many OECD countries are expected to face over the coming decades due to population ageing. Effective gender budgeting plays a crucial role in driving policy measures to address these gaps.

International Women's Day Celebrations – Inauguration of Film Festival organized by Centre for Women's Studies on 7th March, 2024

Investing in women, a human rights issue: Time is running out. Gender equality is the greatest human rights challenge, benefiting everyone.

Ending poverty: Due to the COVID pandemic and conflicts, 75 million more people have fallen into severe poverty since 2020. Immediate action is crucial to prevent over 342 million women and girls living in poverty by 2030.

Implementing gender-responsive financing: Conflicts and rising prices may lead 75% of countries to cut public spending by 2025, negatively impacting women and their essential services.

Shifting to a green economy and care society: The current economic system disproportionately affects women. Advocates propose a shift to a green economy and care society to amplify women's voices.

Supporting feminist change-makers: Despite leading efforts, feminist organizations receive only 0.13% of official development assistance.

Invitation to Participate in the Gender Champion Training Programme organized by Centre for Women's Studies on 30th August, 2024

Gender Champions are women and men who are dedicated to breaking gender barriers, challenging gender stereotypes and make gender equality through their work and communities. UNDP Country Office Indonesia facilitates women as well as men as gender champions to contribute for transformative changes across our programmes. We strengthen women's initiatives in breaking gender barriers and stereotypes. It helps us to make a wide range gender perspective in our works and to help in making changes in realistic and achievable transformations for gender equality.

Special Talk on the UN theme: “Girls’ Vision for the Future” on the occasion of International Girl Child Day-2024 organized by Department of Anthropology on 18th October, 2024

Today’s generation of girls is disproportionately affected by global crises of climate, conflict, poverty and pushback on hard won gains for human rights and gender equality. Too many girls are still denied their rights, restricting their choices and limiting their futures.

Yet, recent analysis shows that girls are not only courageous in the face of crisis, but hopeful for the future. Every day, they are taking action to realize a vision of a world in which all girls are protected, respected and empowered.

But girls cannot realize this vision alone. They need allies who listen to and respond to their needs.

3 days Training Programme on Youth Wellbeing in Higher Education organized by Department of Management, PUCC from 19th – 21st March, 2024

Student well-being (SWB) encompasses the physical, psychological, and social wellness of students, aspects increasingly at risk in the high-pressure environment of higher education. Marked by intense workloads, unmet expectations, and uncertainties around degree completion and employment, the higher education sector faces a growing challenge in maintaining and enhancing SWB. Current instruments for assessing SWB are limited in scope, failing to capture its multifaceted nature comprehensively.

There are misconceptions that our ancient scriptures beside the role of women, yet, India has the first examples of women being scholars, rulers, writers, scientists and doctors. This International Conference titled "Women in Vedas" will delve into the roles, rights and responsibilities of Women as given in our scriptures. It will clear the fallacies and preconceived notions. Besides, this seminar will also cover how the roles and responsibilities are relevant in the modern way of life. This includes the rights of women in Education, Property, Penal laws, Constitution, Governance and her place in social perspective. The topic of this seminar is covered in Indian Knowledge System (IKS). IKS has been acknowledged as a critical component of the National Education Policy 2020.

“Centre for Women’s Studies, Pondicherry University, celebrated International Women’s Day 2023”

The Centre for Women’s Studies, Pondicherry University, celebrated International Women’s Day at the J N Auditorium. Prof. Gurmeet Singh, Honorable Vice-Chancellor of Pondicherry University, graced the occasion with his presence and inaugurated the function.

Dr. Aashita, Head (i/c) of the Centre for Women’s Studies, welcomed the gathering and briefed about the importance of women’s day celebrations in Indian Society. She mentioned that Women’s Day is one occasion where we can rejoice and celebrate woman and womanhood. It also needs time to dismantle the deep-seated patriarchal constructs that still restrict women from living the lives they want. She also mentioned that as a part of the celebrations, the Centre for Women Studies organized various competitions for the faculty, non-teaching staff, research scholars, students, and sanitation workers of Pondicherry University.

During his inaugural address, Honorable Vice-Chancellor Prof. Gurmeet Singh wished everyone a delighted Women’s Day and emphasized the need to create a society and culture where all women of the world are given their due rights. His speech primarily focused on the importance of bringing up a child with values. He insisted on educating the boys and making them more gender sensitive. He congratulated the team of the Centre for Women’s Studies for organizing a series of events on the occasion of Women’s Day.

In his talk, Prof. K Tharanikkarasu, Director (i/c), Studies Educational Innovation & Rural Reconstruction (SEI&RR), insisted that women would be happier if men celebrated this day. He stressed how womanhood must be observed daily and how their everyday contributions require more acknowledgment and appreciation.

During the felicitation address, Prof. Rajneesh Bhutani, Registrar (i/c), Pondicherry University, stressed the importance of women empowerment and gender equity for a sustainable society. Professor B.B. Mohanty, the Dean of the School of Social Sciences and International Studies, congratulated the Centre for conducting such events. He emphasized how treating women and girls the right way can lead to a prosperous and happy society.

Some of the senior Faculty members, like Prof. Nalini J Thampi, Prof. Mumtaz Begum and Dr. Regina Sharmila Dass, shared their views on being a woman and how they witnessed progress in Society when it comes to the advancement of women in Society.

The cultural highlight of the event was an outstanding dance performance by Mrs. Shruti Myvannan Chokshi on the theme “Raksheeka – the Protector.” A short documentary titled “Celebrating Womanhood,” filmed by the Centre for Women’s Studies Post-Graduation students, was screened and received well by the audience. As a social experiment, the students went around the campus asking questions to the students and staff and made a beautiful compilation of what comes to each mind when they take a moment to think about womanhood. It was followed by the distribution of prizes for the various literary events and sports, and fun activities that were conducted in the first week of March for the women sanitation workers, research scholars, students, and teaching and non-teaching staff of the University. The events’ coordinators were also honoured with tokens of appreciation for supporting the Centre in making the celebration a success.

This week-long International Women's Day celebration by the Centre for Women's Studies of Pondicherry University was a big success. A vote of thanks by Dr. Kalaiselvi K. T. concluded the function.

INTERNATIONAL RECOGNITION FOR PONDICHERRY UNIVERSITY ACADEMICS FOR RESEARCH ON NICHE TOURISM AND SACRED GROVES

The Research Paper titled Mapping the Ecological Space of Sacred Groves in the Niche Tourism Campaign of Puducherry, India: A Perspective Analysis authored

by Dr.R.C.Anu Chandran, Associate Professor & Head, Department of Tourism Studies, Pondicherry University and Reena Esther Rani, JRF Research Scholar, Department of Tourism Studies, Pondicherry University was selected as organic study in the Critical Tourism Studies Asia Pacific Conference held in British University, Hanoi Vietnam. The Conference was organised by the Asia Pacific a globally renowned Tourism Research Forum Series. The conference was themed Tourism Metamorphosis: Creative Destruction and the Remaking of Tourism Geographies.

The organisers recognised the study as an organic work for exploring Sacred Groves in and around the destination Puducherry as having niche significance for being promoted as part of the sustainable tourism development agenda. The paper probed the sustainable and pragmatic ways which may leverage the participative vibes of tourists with an eco-motive to relish the sacred groves in and around the destination. Some of the crucial leads identified configured edutainment programmes, natural trails, and dynamic programmes namely bird watching, and trekking for spotting flora and fauna. The significant value-adds comprise creating awareness of biodiversity and educating the tourists about ecological problems. Sacred groves are forest regions venerated by attributing the flora and fauna to ancestral worship. People worship several folklore gods in the sacred groves. They also practice several myths and taboos. In addition, several animals' statues could be found in the sacred groves. Local people depend on the forests for their livelihood. Their day to day activities sometimes are also associated with it. In addition, it also promotes folk dances, folk arts, handicrafts, and folk music. The main aim is to conserve such sacred groves and protect biodiversity, cultural ecology, and also to protect the locals from several disasters. These groves provide shelter to animals, birds, butterflies, and other species and also to several endangered and endemic species. Sacred groves are generally undisturbed by human interactions. The groves mostly have flora of medicinal value which is popular for curing several rare diseases. The research was selected for presentation as it brought out the extraordinary potential of the selected groves of Puducherry which possess immense educational value and has the capacity to draw tremendous influx of nature buffs as well as researchers. The study attempted to chalk out the ways and means through in-depth quality research to safeguard and sustain them. Cultural ecology is posited in this work as an integral part of the sustainable development of tourism destinations. The research adopted ethnographic method of data collection and analysis. It helped to understand the ecological and cultural importance of the sacred groves as well as the need for preserving the same for posterity by gauging how far tourism can play a pro-active role in ensuring its protection by enhancing the awareness levels of the various stakeholders configuring the public sector, NGOs, local community, historians, environmental activists, and ecologists.

In a function held in the University, Vice-Chancellor Prof.Gurmeet Singh appreciated the recognition for the novel study conducted and offered commendations to Reena Esther for receiving the Early Career Researcher award for the work. Prof.K.Tharanikkarasu, Director, SEI&RR, Pondicherry University was present.

The vote of thanks was extended by Dr. Sunitha, an Associate Professor of Computer Science, who expressed gratitude to the administration for their unwavering support in planning and executing this grand event. The program concluded with the rendition of the National Anthem, marking a momentous occasion in the annals of Pondicherry University's Department of Computer Science.

Pondicherry University Community College organizes Life Skill Education training programme for the NSS volunteers

Pondicherry University Community College, Department of Visual Communication in collaboration with Rajiv Gandhi National Institute for youth development, Sriperunbadur. organised a three day training programme on youth development through life skill education for the NSS volunteers for the college students in the campus, lawspet.

Narra Chaitanya, Senior Superintendent of Police, Crime and Intelligence, Puducherry inaugurated the training programme and over 100 NSS volunteers from the colleges in Puducherry attended the programme. In his inaugural address, Narra Chaitanya emphasized the need for the youth to possess life skill education for the better future. He explained to the students the significance of having good communication skills and shared his experience to exemplify its importance. He also interacted with the students and provided insights on cracking UPSC exams.

Pof. Lalitha Ramkrishnan, Principal of the college in her presidential address emphasised the students to have skills for the successful and happy life. She said that life without life skill is like a flower without fragrance. During her address she narrated the success story of many people and motivated the students.

Dr. C. Suresh Kumar organised the programme. Speaking on the scope of the training programme he said, Life skills education help in empowering the youths to act responsibly in the society and Life skills education should be provided to every young people so that they can live a happy and successful life.

A two day sensitization workshop on “Girls Lead Girls- A holistic self-defence program” organized by the Department of Biochemistry, Pondicherry University Community college

The Department of Biochemistry, PUCC in collaboration with Trust for youth and child leadership (TYCL) organized a two day woman sensitization workshop on “Girls Lead Girls- A holistic self-defence program” in commemoration of International women’s day 2023 to girl’s students of science. The awareness programme was started with University Anthem followed by Welcome Address by Dr. D. Varalakshmi, Assistant Professor, Department of Biochemistry, PUCC. The Presidential address was delivered by Prof. Lalitha Ramakrishnan, Principal (i/c) of this college. Ms. Yuvayazhini, Associate Director, TYCL and her team members enlightened the women’s fundamental rights, safety and self-defences viz. Physical, Emotional, Sexual, Online, Intellectual, Economical, Socio-Legal and Socio-Cultural self-defences. The students were asked to fill the questionnaire given by TYCL after the end of the session thereby pre and post interactive session addressed the queries of students and clarified their doubts pertaining to self-defence. The notion of this sensitization program is to empower the girls as it is the need of the hour and they are the backbone of developing society. The programme was fully sponsored by TYCL. Certificates were distributed to the participants by TYCL. Dr. M.Tharaheswari, Head (i/c), Department of Biochemistry proposed vote of thanks. The workshop ended with National anthem.

Leading our generation to a healthy, peaceful, and happy Drug Free - Puducherry

Posted On: 06 JUN 2023 1:48PM by PIB Chennai

The community-based student peer educators' sentiments for a healthy Puducherry echo the objectives of the project "Towards a Drug Free Puducherry District" – a community-based project jointly undertaken by the Department of Social Work, Pondicherry University and Ministry of Social Justice and Empowerment (MoSJE), Government of India under Nasha Mukta Bharat Abhiyaan, Launched on 6th April 2022, over a period of 12 months, the project sensitized faculty and students from higher educational institutions in Puducherry against substance abuse and alcoholism in Puducherry District. As part of the project, students from 10 higher educational institutions in Puducherry were trained as peer educators to mobilize women, youth, and at-risk groups in local communities to address the substance use-related issues faced by community members and to aid them in accessing psychosocial support services.

The villages of Periyakalapet, Solainagar, Keezhparikalpattu, Kottaimedu, Melthirukanchi, Sivaranthagam, and Kezhoor were selected for peer-led interventions in this phase of the project. Between December 2022 and April 2023, the students organized a series of activities in these communities such as awareness programmes, focus-group discussions with women, youth and self-help group (SHG) members, health awareness sessions, sports and rangoli competitions, and household KAP (knowledge, attitude, and practice) surveys.

The student peer-educators were felicitated by Prof. Gurmeet Singh, Hon. Vice-Chancellor of Pondicherry University and Prof. B.B. Mohanty, Dean, School of Social Sciences and International Studies, Pondicherry University. Prof. R. Nalini, Principal Investigator provided a brief summary of the project's major achievements. Professor Gurmeet Singh, Hon. Vice-Chancellor, Pondicherry University delivered the presidential address and tabled the project report for the period April 2022-March 2023. Felicitations were offered by Professor B. B. Mohanty and Dr. K. Anbu, Head (i/c) Department of Social Work, Pondicherry University.

The dignitaries distributed the certificates and medals to the student peer educators in recognition of their work and achievements in their communities. Dr. Iftexhar Alam, Assistant Professor and Co-Principal Investigator offered the vote of thanks. The felicitation programme was organized to recognize and commend the potential of youth in Puducherry under the Nasha Mukta Bharat Abhiyaan campaign towards reducing the demand for drugs, especially among children and youth for the creation of a healthy and youthful Puducherry.

N.R. Rakesh Babu
Psychologist,
Doctoral Researcher

Dr. Radhika Khanna
Head i/c
DEMMC, PU

Mr. N.R. Rakesh Babu, is a dedicated, lifelong learner with 17 years of professional experience. As a research psychologist, he believes that the mind is the key to everything. Focusing on our mental well-being allows us to become more intentional, composed, and aware in everything we do. This enables us to think proactively and peacefully. Remember, if we treat ourselves with kindness, we are less likely to harm others.

Mr. N.R. Rakesh Babu is a certified in Master Practitioner NLP - NeuroPsychology, Certified Professional Facilitator, Certified Brain Profiling Consultant, Diploma in Neuro Linguistic Programming, Certified Soft Skill Trainer, EMS - ISO 14001:2004 - LEAD AUDITING, NEBOSH ICC (UK), Diploma in OHSE.

Dr. Radhika Khanna began her career as an actor-teacher under the eminent theatre practitioner, Mr. Barry John. She has been a Theatre-in-Education (TIE) facilitator since 1992 - training teachers and students to use TIE for self development and a holistic education.

Faculty Development Programme on Psycho-Social Care in Disaster Management

Faculty Development Programme on Psycho-Social Care in Disaster Management

06th - 10th November, 2023

nidm
Resilient India-Disaster Free India
National Institute of Disaster Management
Government of India, Ministry of Home Affairs
www.nidm.gov.in

Pondicherry University
(A Central University)
www.ponduni.edu.in

BACKGROUND

India is vulnerable to a variety of natural and man-made disasters. Disaster knows no boundaries and impacts everyone. Its impact includes the vast destruction of infrastructure, leaving people distressed with shaken inner strength. This impact, at times, changes the behavioral pattern of the affected and is very difficult to visualize. This largely depends on the degree of the dent created by the neighborhood and trained professionals. Often, such behavioral changes are mistaken for mental malfunctions. This thinking adds to the seclusion of an already distressed person.

Along with relief, rehabilitation, and care of physical health and injuries, psycho-social and mental health issues are also essential and must be prioritized. Psycho-social support in the context of disasters refers to comprehensive interventions that address a wide range of psycho-social problems arising in the aftermath of a disaster. Psycho-social support comprises general interventions related to the larger issues of relief work needs, social relationships, and harmony to promote or protect the psycho-social well-being of the survivors. Mental health services comprise interventions to prevent or treat psychological symptoms or disorders. These interventions help individuals, families, and groups restore social cohesion and infrastructure while maintaining independence and dignity.

The experience of disasters that have impacted various regions of India has revealed that Psycho-Social Support and Mental Health Services (PSSMHS) need to be planned ahead of disasters to be executed in a coordinated and integrated manner during disasters.

Psycho-social support for disaster-affected communities needs to be provided on a long-term basis. Appropriate and timely interventions will determine the victims' adjustments to various lifestyle changes caused by the disaster.

The interventions must be community-based and culturally sensitive, considering the needs of vulnerable groups like women, children, the elderly, the disabled, etc. Such support can relieve the psychological distress of the affected people to a significant extent.

PSYCHO-SOCIAL SUPPORT

Psycho-social support in the context of disasters refers to comprehensive interventions that address a wide range of psychosocial and mental health problems arising in the aftermath of disasters. These interventions help individuals, families, and groups build human capacities, restore social cohesion and infrastructure, and maintain their independence, dignity, and cultural integrity. Psycho-social support helps in reducing the level of actual and perceived stress and in preventing adverse psychological and social consequences amongst disaster-affected communities.

India, due to its unique geo-climatic conditions, has been experiencing natural disasters like earthquakes, tsunamis, cyclones, floods, droughts and landslides. The country is equally vulnerable to man-made disasters like chemical, biological, radiological and nuclear emergencies. Disasters, whether natural or man-made, cause enormous devastation and human suffering to the community. These disasters usually leave a trail of human agony, including loss of human life and injuries. Emotional trauma, and loss of livestock, property and livelihood, resulting in long-term psychosocial and mental health problems. Apart from logistic and material help, the affected community requires Psycho-Social Support.

Importance of Psycho-Social care in Disaster management

For a considerable amount of time, the direction of disaster management efforts was focused on the physical impact of the disaster. Only after international human rights agencies brought awareness did psycho-social care in disaster management become part of rescue and rehabilitation manuals. Disaster's psychological impact is considered a forte of trained psychologists. But very few need and can access these services based on severe cases like PTSD. The second objective of the workshop is to make participants aware of the relevance of psycho-social care in disaster management.

Psycho-social Care with Women

Disasters generally lead to migration, mass displacement, the spread of epidemics, and issues of social security, etc. Women are more susceptible to the impact of disaster management due to already existing issues pertaining to them. The third objective of the workshop will include practical difficulties in psycho-social support for women in disaster-affected regions. It focuses on an intersectionality approach, which emphasizes layers of identity. Social, economic, and political vulnerabilities of women and inferior genders worsen with the advent of disaster.

Psycho-social Care with Children

Children lack the social and language skills to express their agony and difficulties. It becomes more severe in terms of psychological impact. Psycho-social care with children in disaster management areas includes several practical difficulties. Losing a loved one/family member/parent in a severe disaster also leads to generational traumas.

Not providing adequate psycho-social care for children suffering in case of disaster will lead to significant life challenges for them in the future. The workshop will inculcate orientation with experts in child psycho-social care.

Psycho-social care with marginalized / vulnerable populations: intersectionality, accessibility, rehabilitation.

The impact of disaster experienced by communities differs across their standing in the social, political, and economic ladder of society.

Navigating through rural and urban populations:

Community participation is more in the rural region due to its size and social connectivity. While people in urban spaces are more vulnerable to mental health issues due to hectic lifestyles, lack of socialization, alienation due to the nuclear nature of families, etc., in terms of psycho-social care, these elements play an essential role in the approach to psycho-social support caregiver.

Role of social worker/ Strength Perspective:

Social worker plays a multifold role in disaster management. The workshop will help social work educators, practitioners, and learners understand their role in these situations. Psycho-social care is an interdisciplinary approach, so it is essential for social workers. Very few social work educators are trained in Psycho-Social Care in Disaster Management. So this workshop will be more beneficial to the Social Work Educators.

TARGET AUDIENCE

The key target audience for this programme will be faculties from social science background and social work practitioners from Southern India. Preference will be given to social work educators. A maximum of 40 participants will be enrolled for the Five (5) days of TOT on Psycho-social support and care.

AIM OF TRAINING

Aim of this training programme is to build the capacity among the Social Work Educators and practitioners on basic concepts of disaster risk management and strengthening the mechanism for effective psycho-social care in disaster management.

OBJECTIVES

1. To explain the basic concepts of Disaster Management
2. To understand varied needs of the survivors of disasters
3. To reflect upon the need for psycho-social care in disaster related work
4. To develop an understanding of how people react in stressful situations
5. To understand varied needs of the survivors of disasters
6. To develop an understanding of holistic caregiving approach
7. To understand the role psycho-social care givers need to play
8. To internalize techniques of psycho-social caregiving while working with children
9. To develop an understanding of needs of women in disasters and understand the role of women in disaster
10. To understand the importance of self-care and gain knowledge about skills on taking care of self while working in stressful situations.

About Pondicherry University

Pondicherry University is a Central University established by an Act of the Indian Parliament in October 1985. It is an affiliating University with jurisdiction over the Union Territories of Puducherry, Lakshadweep, and Andaman & Nicobar Islands. The University's objectives are to disseminate and advance knowledge by offering teaching and research facilities and to promote interdisciplinary studies and research in various fields. The main campus is in Kalapet, 10 km from Puducherry, in a serene and beautiful 800 acres of land adjoining the scenic Bay of Bengal. The University has entered into MoUs with many reputed international institutions in India and abroad for collaboration and faculty development.

About Pondicherry University Community College

Pondicherry University Community College (PUCC) is the first of its kind in the Indian University system, which was established on the 16th of October 1995 and acts under the general, academic, and administrative supervision of Pondicherry Central University as a self-financed Constituent College to cater to the needs of skill development for students from economically and socially marginalized sections in the society. Nearly 1,200 students are studying in various UG/Vocational /PG—Diploma / Diploma courses at the college.

Being a forerunner of the Community College model in the country and our constant drive for excellence, the College brings a systematic transformation in the Higher Education, i.e., Vocationalisation of Higher Education. International educational opportunities are offered annually to the students through the Community College Initiative Program (CCIP) sponsored by the Department of State and the Bureau of Educational & Cultural Affairs, USA.

About Department of Commerce

The Department of Commerce, established in 2019-2020, cater to the needs of the students who hail from Pondicherry and neighboring states considering the demand for Accounting and Commerce professionals in the corporate and public sectors. The objective of this course is to develop conceptual and practical skills in the field of Commerce, such as Auditing, Accounting, Taxation, Marketing, Laws related to Business and Company, Human Resources, Organisational Behaviour, and to prepare the students for a business careers and to start business enterprises of their own. The department had completed two Major Research Projects one from the UGC and another from ICSSR.

An Overview of the Seminar

Indian ethos hails the role of Women and Motherhood in high regard, but it does not reflect in daily life. The patriarchal society tries hard to debunk the foundation of a free society and it does not provide equality to women. Women in decision-making roles have been embroiled in controversy for the mere notion that they are the weaker sex and cannot handle industrial problems effectively. The world has witnessed tremendous changes over the Century, from seeing women as homemakers to nation builders, and the industrial revolution also has redefined the role of women from mommy track to muster roll. Over the years, women have capitalized on the opportunities available to them to raise their pedestal and adorn the top echelon in fields of science, academia, industry, economics, politics, and society.

According to the Companies Act of 2013, appointing at least one independent women director is mandatory for India's top 1000 companies listed in Indian stock markets. Subsequently, Indian corporate started appointing women in the boards from a mere 6% in 2014 to 17.6 % in 2022. Though the presents of women in boardrooms is increasing,

their representation is not satisfactory as it is only 1 % increase over the last three years. It implies that the Indian corporates have not attained gender parity yet. Therefore, the seminar aims to assess India's current position in achieving the United Nation Women's strategic plan report 2022-25 and the United Nations Organization's fifth Sustainable Development Goal (SDG) of gender equality.

Papers, both empirical and meta research based, are invited from the academicians, researcher scholars, policymakers, executives and students on the following themes:

- ◆ Social Inclusion in The Corporate: The Way Forward
- ◆ Women in Corporate: A Shift from Mommy Track
- ◆ Gender Discrimination: Corporate Cases
- ◆ Shift From Micro-Entrepreneurship to Corporate Level

International Coastal Clean-up Day “ 2023

https://www.pondiuni.edu.in/university_news/international-coastal-cleanup-day-2023/

AT LEAST 14 MILLION TONS OF PLASTIC ENDS UP IN THE OCEAN EVERY YEAR.

CONCENTRATE THE PLASTIC AND TAKE IT OUT

Of all the human-made goods produced over the past several decades, plastics are among the most persistent and pervasive. The qualities that make plastic such a versatile material for so many products can make it harmful once it is released to the environment. Constructed to be light and durable, plastics break down very slowly—some products even persisting for centuries.

EXPECTED IMPACT

Wildlife often fare even worse than humans. Marine debris can mean death to estuarine animals. One common cause of death by marine debris is entanglement. Many animals can become caught in discarded fishing nets and lines, rope, six-pack rings, balloon ribbons, grocery bags, and other floating debris.

International Coastal Cleanup
Day - 2023
 07.00 Am - 10.00 Am

Cleanup Zone

This layout describe about the outline of this clean up program and waypoint at where to assemble, direction, area for clean up, and way to reach university back safe.

THE EVOLUTION OF THE OCEAN CLEANUP CONCEPT

The many marine debris sources make it one of the more widespread pollution problems threatening estuarine and coastal systems. The problem of today's litter is not merely aesthetic. Once litter gets into the estuarine environment, it seriously affects humans, wildlife, and habitats.

ABOUT TAKE PROGRAM

In association with National Centre for Coastal Research (NCCR), Ministry of Earth Sciences, Government of India, Pondicherry University, Keep clean, Recity and Association for Promoting Sustainability in Campuses and Communities, jointly organizes international coastal cleanup day at Kalapet beach, Puducherry.

International Coastal Cleanup Day – 2023

The National Centre for Coastal Research under the Ministry of Earth Sciences, Government of India observed the International Coastal Cleanup Day on 16 September 2023 jointly with Pondicherry University, Oulgaret Municipality, and the Association for Promoting Sustainability in Campuses and Communities.

Prof. Tharanikkarasu, Director (SEI&RR) of Pondicherry University, and Shri. A. Sureshraj, Commissioner, Oulgaret Municipality, Government of Puducherry flagged the rally from Pondicherry University campus preceded by a pledge to save the coastal environment. The communities from the surrounding Kalapet region enthusiastically engaged in coastal cleanup along with the students, researchers, and faculties from Pondicherry University and other educational institutions.

Approximately 250 participants collected 500 kgs of waste on the coast stretching nearly half a kilometer with an estimated amount of 60% of plastic waste. The event raised good awareness among the public on the littering of waste.

Dr. K. Tharanikkarasu (Director, Pondicherry University), Thiru. A. Sureshraj (Commissioner, Oulgaret Municipality), flagged the rally and International Coastal Cleanup Day 2023 in the presence

of Prof. D. Ramamoorthy, Prof. R. Arun Prasath, Dr. C. Satheesh Kumar (NSS coordinator), Dr. M. Nandhivarman (Coordinator, Green Campus), Shri. Jaishankar (Municipal Health Officer), Thiru. S. Sudalai, with Executives from the Association for Promoting Sustainability in Campuses & Communities.
